Didsbury Chautauqua.

Judging from the remarks made by a speaker at the opening of the Chautauqua, on Wednesday evening of last week, one seemed to gain the impression that in previous years Didsbury had not given complete satisfaction in its support and appreciation of the program submitted for its entertainment.

Whether the speaker's remarks were justified or no, there can be no question this year of Didsbury's receptive qualities and appreciative voice in the program just concluded.

Each performance witnessed a good attendance, the hall at night especially being packed. Attention was keen, and where applause was deserved it was given wholeheartedly. And this, be it noted, was frequently the case. The talent was good throughout, the various lectures and the charming comedy "Daddy Long-Legs" given Saturday being especially well received.

The result of all which was that a contract for next year secured very quickly no less than thirty-four signatures, which to the Chautauqua should be sufficiently indicative of Didsbury's appreciation.

A great deal of the success of this year's Chautauqua was due to Mayor Chambers, who although not a "party to the contract," nevertheless gave considerable of his time and energy in co-operating with the local committee.

Miss Scott, the advance agent, by her fine tact and personality, also did much in gaining local support and approval.

Big Enrolment in Correspondence Courses.

The provincial department of education now has an enrolment of 570 pupils in the course in studies conducted by correspondence with the remote districts of the province where school facilities are not easily available.

Swine Club Contests.

All the way from Grand Prairie, 400 miles north-west of Edmonton, two boys aged 14 and 15, who had never been out of the north country and who had never travelled on a train, came into Edmonton last week and captured the championship for the best carload of pigs in the contest for boys and girls' pig clubs in central and northern Alberta. These boys, as a result, have been given a trip all the way to Toronto to attend the Royal Show as guests of the C.P.R. and have also won the challenge trophy by that railway company. They were trained by A. R. Judson, district agriculturist for the Peace River district. The boys in this winning team were Oscar Gudlangson, aged 15, who went to the Peace River country from Saskatchewan at the age of one year, and Vern Johnson, aged 14, born at Beaver Lodge, near Grand Prairie.

More than 95 entries of individual pigs were made in the contests this year.

The carload competition resulted as follows—Grand Prairie, first; Vegreville, second; Czar-Hardisty team, third; Sturgeon, fourth; Sedgewick, fifth; Alliance, sixth; Red Deer-Olds, seventh; Kilmam, eighth.

Burnside Radiolets

We are sorry to hear of the serious accident to Mrs. H. Walsh, who in coming downstairs one day last week accidentally stumbled and fell, breaking her leg. Latest reports state she is progressing as well as can be expected under the circumstances.

Viola and Alton Weber and Herb Manto, who have been visiting with the Metzgar's, left for Hanover, Ont., this week.

Mr. and Mrs. E. Gilchrist visited with H. A. Pearson last week.

Jutland W.I. met on Thursday of last week at the home of Mrs. W. Lyons. There was a good attendance and quite a few new members joined up. A session that was both interesting and instructive, was much enjoyed by all present. During the afternoon a very dainty little lunch was served.

Mrs. Sheils and family spent Sunday at Bert Pross' place.

The Jutland W.C.T.U. met at the home of Mrs. J. Topley on Tuesday of this week.

RUGBY W.I.

The November meeting of the Rugby W.I. was held at the home of Mrs. V. Jensen. Owing to the inclement weather the attendance was small. Besides the business and program a flour sack article sale was held, the proceeds of which go to the piano fund. The ladies also wish to announce their annual bazaar to be held at Rugby school on November 27th. The program will begin at 8.30, following which the gipsy queen or the magic lady of the teacups will reveal the secrets of the future to those who wish. At the same time the old fish-hole will be open with several special species ready to be caught, and down at the N.E. the candy girls will dispense the choicest sweets. Cakes as well as their donors will be welcome.

Innisfail Curlers In Session

The semi-annual meeting of the Innisfail Curling Club was held on Friday evening last, a good attendance being reported. Included in the business transacted was a resolution giving the skips a free hand in selecting men for their rinks, such selections to be satisfactory to the executive committee. Another resolution reads—that in case any player is absent, the skip will move his rink up and play any man he likes as lead, but no player higher than a second shall be chosen to play. It was also decided that the secretary shall make a continuous draw with all rinks with games at the end of the season to count for trophies.

All games must be played or defaulted by the end of the schedule.

It was decided that the Innisfail Club enter challenges for the Mitchell and McDonald cups.

Messrs. E. Freeman, W. Rutherford, J. G. Goddard were appointed a committee to make arrangements for the local Bonspiel.

J. C. Calder offered to donate prizes to the rink playing the most number of games during the season with all the members of the rink. The caretaker was selected as judge of this contest.

RED CROSS MEETING.

We would again remind our readers of the Red Cross meeting to be held in the basement of the public School on Friday evening at 8.30 p.m. It is particularly requested that a large attendance be present.

BOOTHBY—DINWIDDY.

At the close of the regular service of the Seventh Day Adventist Church, on November 14th, occurred a very pretty wedding in which Miss Della Boothby became the bride of Howard W. Dinwiddy of Battleford, Sask. At 4.15 Elder S. A. Ruskfer of the general conference, spoke for a few minutes on the perfect home and how it is established, and while Mrs. Oldham played an interlude the young couple accompanied by Jasper Boothby and Miss Ada Neilson took their places at the right of the altar under a canopy of white bells and pink and white decorations where the simple but beautiful marriage service was solemnized. The bride was becomingly attired in a white voile and lace. Miss Neilson wearing blue crepe de chine. Mr. Dinwiddy comes from a fine Christian home and is well worthy of the splendid girl he has won. After congratulations by all, they drove to the home of the bride's parents, where a wedding dinner was provided. Numerous useful gifts were presented them. Both have been students of the Canadian Junior College of Lacombe. They left on Sunday for Sydney, B.C., where they will reside while taking a further course in medical missionary training at the Resthaven Sanitarium. At the completion this excellent couple will take up their future work and abode in God's great foreign mission field, spreading the light of the 3rd Angel's Message.

To Save Old Sailing Vessel

The Benjamin F. Packard, last of the clipper ships, has been saved from the ignominy of the junk pile and is to be converted into a floating museum.

Announcement was made by Cornelius H. Callaghan, secretary of the Maritime Shipping Exchange, New York, that thirty members of the exchange had decided to buy the old three-master from its present owners. He said the vessel will be stored with marine trophies and anchored off the Battery.

BAREE, SON OF KAZAN

James Oliver Curwood

A LOVE EPIC OF THE FAR NORTH

Copyright, 1917, by Doubleday, Page & Co.

"BAREE, SON OF KAZAN," a Vitaphone Picture, With Wolf, the War Dog. Is an Adaptation of This Story

SYNOPSIS

Pierrot, the trapper, and Nepeese, his daughter, made the round of their traps to see what animals had been caught. Pierrot never left the girl alone, for he was fearful of McTaggart, the unscrupulous factor, who was determined to marry her. Baree, the wolf-dog, always accompanied them. Nepeese made a pet of the dog, but Pierrot occasionally struck the dog. "If I make him hate me, he will hate all men," he explained. The father was looking into the future—for Nepeese.

CHAPTER XVII.—Continued

Now the tonic-filled days and cold, frosty nights of the Red Moon brought about the big change in Baree. It was inevitable. Pierrot knew that it would come, and the first night that Baree settled back on his haunches and howled up at the Red Moon, Pierrot prepared Nepeese for it.

"He is a wild dog, ma Nepeese," he said to her. "He is half wolf, and the Call will come to him strong. He will go into the forests. He will disappear at times. But we must not fasten him. He will come back. Ka, he will come back!" And he rubbed his hands in the moon-glow until his knuckles cracked.

The Call came to Baree like a thief entering slowly and cautiously into a forbidden place. He did not understand at first. It made him nervous and uneasy, so restless that Nepeese frequently heard him whine softly in his sleep. He was waiting for something. What was it? Pierrot knew, and smiled in his inscrutable way.

And then it came. It was a night, a glorious night filled with moon and stars, under which the earth was whitened with a film of frost, when they heard the first hunt-call of the wolves. Now and then during the summer there had come the lone wolf-howl, but this was the tugging of the pack; and as it floated through the vast silence and mystery of the night, a song of savagery that had come with each Red Moon down through unending ages, Pierrot knew that at last had

come that for which Baree had been waiting.

In an instant Baree had sensed it. His muscles grew taut as pieces of stretched rope as he stood up in the moonlight, facing the direction from which floated the mystery and thrill of the sound. They could hear him whining softly; and Pierrot, bending down so that he caught the light of the night properly, could see him trembling.

"It is Mee-Koo!" he said in a whisper to Nepeese.

That was it, the call of the blood that was running swift in Baree's veins—not alone the call of his species, but the call of Kazan and a Gray Wolf and of his forbears for generations unnumbered. It was the voice of his people. So Pierrot had whispered, and he was right. In the golden night the Willow was waiting, for it was she who had gambled most, and it was she who must lose or win. She uttered no sound, replied not to the low voice of Pierrot, but held her breath and watched Baree as he slowly faded away, step by step, in the shadows. In a few moments more he was gone. It was then that she stood straight, and flung back her head, with eyes that glowed in rivalry with the stars.

"Slinking low under the bushes, his tail drooping, his ear alert—the wolf as the wolf runs on the night trail."

"Baree!" she cried. "Baree! Baree! Baree!"

He must have been near the edge of the forest, for she had drawn a slow, waiting breath or two before he was back at her side. But he had come straight as an arrow, and he whined up into her face. Nepeese put her hands to his hand.

"You are right, mon pere," she said. "He will go to the wolves, but he will come back. He will never leave me for long." With one hand still on Baree's head, she pointed with the other into the pit-like blackness of the forest. "Go to them, Baree!" she whispered. "But you must come back. You must. Cheamoo!"

CHAPTER XVIII.

No longer, as in the days of old, did the darkness of the forests hold a fear for Baree. This night his hunt-ery had risen to the stars and the moon, and in that cry he had, for the first time, sent forth his defiance of night and space, his warning to all the wild, and his acceptance of the Brotherhood.

He ran straight into the darkness to the north and west, slinking low under the bushes, his tail drooping, his ears alert—the wolf as the wolf runs on the night trail. The pack had swung due north, and was travelling faster than he, so that at the end of

which looked like a ghostly shroud in its mantle of frost.

Mahegun, too, had sought the hunt-pack, and like Baree had failed to catch it. They were tired, a little discouraged for the time, and hungry—but still alive with the fine thrill of anticipation, and restlessly sensitive to the new and mysterious consciousness of companionship.

To the flesh-eating wild things of the forests, clawed and winged, the Big Snow was the beginning of the winter carnival of slaughter and feasting, of wild adventure in the long nights, of merciless warfare on the frozen trails. The days of of spring and summer—were over; out of the sky came the wakening of the Northland, the call of all flesh-eating creatures to the long hunt, and in the first thrill of it living things were moving but little this night, and that watchfully and with suspicion. Youth made it all new to Baree and Mahegun; their blood ran swiftly; their ears were attuned to catch the slightest sounds.

In this first of the Big Snow they felt the exciting pulse of a new life. It lured them on. It invited them to adventure into the white mystery of the silent storm; and inspired by that restlessness of youth and its desires, they went on.

Xmas Travel Expected

To Be Heavy

Greatly Increased Travel is Expected This Coming Yuletide

The glow from this year's Yuletide logs will spread its radiance over more family re-unions around the home hearth this Christmas than has been the case since the boom days of pre-war times. This is indicated by the number of inquiries being received by the Canadian National Railways regarding overseas and other travel this fall. These are being received in greatly increased numbers and from all over the country, asking for particulars of the excursions to the Old Land and Eastern Canadian points, which start December 1. Excursion tickets to the east will be available at all C. N. stations from Winnipeg to the eastern boundary of British Columbia until January 1 at the special rate. Winter excursions from Canada to the Western States will be operative over Canadian National lines at special rates from December 1 with a return limit of three months. For the Pacific coast, excursion tickets will be placed on sale at Western Canada points, at reduced rates, on various dates commencing December 1 and continuing until February 9.

Preservation Of Totem Poles

Dominion Government Takes Steps to Preserve Indian Relics

During the past summer considerable work was accomplished by the Dominion Government through Mr. Harlan I. Smith, of the Victoria Memorial Museum, Ottawa, in connection with the preservation of the totem poles at Kitwanga and vicinity, along the Jasper-Prince Rupert line of the Canadian National Railways, where considerable improvement in the appearance of these poles and other Indian totems was effected, which will result in their lasting for many years. It is the intention of the government to continue the work of preservation of Indian totem poles and other relics next year in the Kitwanga district, and no doubt this policy will be extended to other districts concerned.

HEALTH BROKE DOWN

Could Not Get Sleep for Hours After Going to Bed

"It is not natural for me to sit down and write a letter in praise of a proprietary medicine as I had always been skeptical as to their virtues." Thus writes Mr. Arthur Seguin, Storthoaks, Sask., who further says:—"But three years ago I opened a general store here in Storthoaks and placed on my shelves a few lines of the best known proprietary medicines. Among these, naturally, were Dr. Williams' Pink Pills. As there were three of my customers who were obtaining good results from taking the pills, and as I was in need of a medicine I decided to try them myself.

"I had been suffering from catarrh for years, and my inside work had completely broken down my health. I was coughing all day, suffered from indigestion, and could not sleep until three or four hours after retiring. I started the pills, not with any great confidence, but by the time I had finished the second box I marked much improvement. At the fourth box I felt quite recovered, but continued them for some further time. My cough has left me, the indigestion has disappeared and I now fall asleep almost as soon as I am in bed. In my store now I do not hesitate to recommend Dr. Williams' Pink Pills to any who are feeling run-down or without energy, as I think they are a blessing to mankind."

If others who may feel skeptical will give Dr. Williams' Pink Pills a fair trial they will be convinced as was Mr. Seguin. You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

PAINS IN BACK AND SIDES

Ended by Taking Lydia E. Pinkham's Vegetable Compound

Fussler, Sask.—"For two or three days every so often I would have such pains in my back and sides that I could not do anything—could not even lie quietly in bed, and my head ached, too. I was this way about three years, but was worse after I was married. I was on a farm with not a house nearer than five miles and there was not a person to advise me, as my folks live in Manitoba. My sister-in-law told me about Lydia E. Pinkham's Vegetable Compound and told me to try it. I took her advice and have been thankful for it ever since. After taking the medicine for three months I can say it has helped me a lot and I am doing fine. I am glad to recommend the Vegetable Compound to others and you may publish my testimonial."—Mrs. HELEN BALANOFF, Fussler, Saskatchewan.

PAUL BEFORE FELIX

Golden Text: Herein I also exercise myself to have a conscience void of offense toward God and men always. Acts 24:16.

Lesson: Acts 23:1-24:27.

Devotional Reading: Psalm 86:11-17.

The Text Explained and Illumined

The Case Against Paul Presented By Tertullus, verses 1-9.—See The Historical Background. Lysias had charged Paul's accusers to appear against him before Felix. Within five days the high priest Ananias with a deputation from the Sanhedrin arrived in Caesarea. Paul was summoned for trial. Tertullus, the advocate whom the Jews had engaged, presented their case against him. After fulsome words of flattery for Felix, even expressing gratitude for his reforms, Tertullus accused "this pestiferous fellow" of three things: inciting disturbances among the Jews throughout the Roman Empire—an offense against the Roman law; being the leader of the sect of the Nazarenes—an offense against the law of Moses; and defiling the temple—an offense against both the law of Moses and the Roman law, since the latter protected the Jews in their worship. When Tertullus concluded his speech, the deputation of Jews emphatically endorsed all that he had said.

"We all abhor flattery unless it be to us or from us, and then we call it by another name" (John A. Shedd).

Big Slump In Shipbuilding

Industry Suffers Most Decided Drop Since Great War

Shipbuilding throughout the world suffered its most decided slump since the war during the last summer, the department of commerce announced recently.

Reports for the third quarter of 1925, ended Sept. 30, received from Lloyd's Register, showed a drop of more than 150,000 tons.

Motor vessels declined 40,000 tons during this period, construction of other classes of ships, it was stated, has been decreasing steadily.

Construction in this country dropped 22,000 tons, while the decrease in Great Britain and Ireland was reported to be 34,000 tons. The largest decrease was reported from Germany with a 100,000-ton drop. France declined 19,000 tons and Denmark 7,000 tons.

Italy and Holland showed the only increases in work started during this period.

Toronto Doctor Announces New Serum For High Blood Pressure

A serum which may reduce the morbidity of high blood pressure was described by Dr. F. H. G. Starr, of Toronto, Canada, in an address before the clinical congress of the American College of Surgeons, Philadelphia.

Dr. Starr said that William J. McDonald had been working on the serum in the research laboratories of the University of Toronto for some time, but that it had not yet reached a point to permit a detailed description or an optimistic statement of its probable efficacy. He said the serum was a liver extract. High blood pressure, he explained, usually was due to hardening of the arteries, which is induced by an inflammation, possibly of germ origin.

Chest of Drawers in Mayfair Yields \$75,000 in Stamps

A collection of postage stamps hidden in an old bureau in a Mayfair home in London, sixty years ago has been accidentally discovered, and found worth \$75,000. The original value was \$150. Search for a lost jewel case led to unearthing the famous collection of stamps. Some of the stamps were never before seen by collectors. The most interesting are two sheets of halfpenny Ceylon stamps, issued in 1858—the only sheets of these stamps existing. The grandfather of the owner's husband collected the stamps when he was young. Collectors from many parts of Europe will attend the sale of the collection.

Broadcasting Duck Calls

Oakland, Calif.—A device for broadcasting duck calls has been invented by J. V. O'Hara, president of the Vallejo Gun Club. Radio apparatus has been installed in the club's preserves, and with the opening of the shooting season in October, an alluring "quack, quack, quack" was scattered among the duck blinds.

To safeguard the child from damage that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage healthful operation of the digestive processes. As a vermifuge it can be relied on for its effectiveness.

An important fact about

Chevrolet closed models have body by Fisher

NEARLY two decades have elapsed since the first Fisher-built bodies established their reputation for unusual quality and artistry. Today the insignia, Body by Fisher, stands, not only for fine material and appearance, but for sturdy construction and craftsmanship that could only be acquired through years of experience.

Chevrolet is the only low-priced car that can claim the distinction of "Bodies by Fisher".

Winnipeg Convention.

The economic convention being held at Winnipeg is one of considerable importance. Drawing as it is, delegates from all parts of the Dominion, men of various political beliefs, captains of industry, leaders of thought, manufacturers and agriculturists, speculation arises as to the outcome. Irrespective of any resolution which may be passed, however, wonderment is excited that such an assembly could not have been conceived previously. In its present state of political uncertainty, and the hesitancy which one realises the present government must display in attempting to carry out its avowed policy, the country was never more ripe for unified action from those who have the necessary influence, to attempt something really constructive, and to boldly grapple with problems which neither of the political parties have the strength to tackle.

If, however, the present Dominion-wide convention does nothing more than to create a greater spirit of unity it will have amply justified itself.

The Lord prepares a table before His children, but too many of them are off on diet. Come to the banquetting house (the church) next Sunday—morning and evening.

What chance has religion in your family life? Along with your town newspaper which you receive for intellectual culture, every home should also have at least one good religious paper for soul culture, in the home and family life. Now is the time to subscribe for 1928. Try one of our Denominational papers. "The Messenger" for instance is always brim full with food for the soul. Old subscriptions should be renewed for 1928 before this month expires. See the pastor about it.

The Ev. church was filled well nigh to its utmost seating capacity last Sunday evening. Along with other points of interest and spiritual value the choir rendered an exceptionally fine anthem.

"Choosing a Life Partner" is the third sermon in the series to be continued next Sunday evening. This sermon will be based upon 2 Cor. 6:14. "Be ye not unequally yoked together with unbelievers; for what fellowship hath righteousness with unrighteousness?" This is the key to success or failure in matrimonial relations.

Mr. R. W. Elmer, Portland Oregon, who is well and favorably known in this community as a former citizen here, has been renewing acquaintances in town and country for the past few weeks.

The newly organized "Tuxis" had about 18 boys in attendance last Tuesday evening. Mr. Chas. E. Hendry, Secretary of the Boys' Work Board of Alberta will be with them for a special meeting on next Friday evening at the school. On this occasion the boys are also going to treat themselves to a bean feed.

Preliminary operations commenced this week in the erection of another grain elevator at Didsbury. The site has been selected directly east of the depot, and the structure is being put up by the Federal Grain Co. and will have Capacity for 35000 bushels. All together, there will now be five elevators here.

Cultivate the Christmas Spirit Now

The approach of the Christmas season brings to nearly everybody thrills of pleasurable anticipation. It is a time of happiness and goodwill all round when old disappointments, and enmities, and selfishness are relegated to the background. Already people are busy planning and making gifts for relatives and friends, and, it is to be hoped, with a thought for those who are less fortunately placed in life than themselves.

But there are certain groups in our population to whom the coming of Christmas means the hardest work and longest hours of labor during the whole year. Chief in this group are the employees of the post office throughout the country. Persons who seldom write to relatives and friends throughout the year, do so at Christmas time. Millions exchange Christmas cards and other forms of greeting. Parcels containing gifts pour into the post offices in their thousands. And the postal employees have to receive, sort and despatch it all, and, in the cities and along rural routes, deliver it.

Most people time the mailing of their cards of greeting and gifts so they will arrive at their destination one or two days before Christmas, or possibly on Christmas Day itself. The inevitable result is such a congestion in the post offices and railway mail cars that it is a physical impossibility to handle all the business within the short space of time before Christmas Day, no matter how tremendous an effort is made by the postal clerks. Thus many gifts intended for Christmas are not received by those to whom they are addressed until Christmas is past and gone for another year.

A little more planning, and forethought, and unselfishness in behalf of the post office staff, displayed by people generally, would greatly improve this condition. By mailing Christmas gifts well in advance it may be that they will be received some days before Christmas, but, even so, is there not a greater thrill in the arrival of the first gift than in the case of subsequent ones? And is not a gift received before Christmas a happier one than if it is delayed and not received until Christmas and its festivities are past?

Another group who find the week preceding Christmas a time of strain, resulting in ragged nerves and sharp tempers, are the clerks in stores. Many of them after the strenuous pre-Christmas rush find it necessary to recuperate in bed instead of being able to enjoy and join with others in the joy of the day. Their lot can be made much easier by early shopping. Therefore, in your Christmas activities, give a thought to their comfort and happiness.

In order to be in a position to mail your Christmas parcels early, it is necessary to shop early. Thus both these groups of workers will be helped to give you and the public generally better and more efficient service. Just a word in season—bring your Christmas unselfishness into action well in advance of Christmas Day.

You stand to gain by it in every way. Remember the old saying: "The early bird catches the worm." Well, early shopping means that you have the pick of the goods offered for sale, while the late shopper has to be content with what is left over and previously rejected by the more alert and discriminating shopper. Early shopping gives time for suitable selection of gifts best designed to meet the needs and cater to the tastes of the one for whom they are intended. It means leisure in getting them suitably inscribed with appropriate messages and neatly and properly packed. And an attractively tied or packed parcel adds much to the pleasure of the one who receives it. It conveys an impression of thought and real love on the part of the sender.

Finally, in mailing, observe the instructions of the post office authorities. Put the postage stamps in the upper right hand corner; the address in the lower right hand corner; place your own name and address as sender in the upper left hand corner; if the parcel contains fragile articles, mark it boldly, "Handle with Care" or "Fragile." If you are attaching any Christmas seals or stamps of greeting, place them on the back of the letter or parcel, but not on the same side with the address and postage stamps.

General observance of these little things will greatly expedite the handling of the Christmas rush of mail matter, insure the proper handling of your parcel, and by speeding up the whole service and lightening the labor of the postal employees result in what you yourself desire, the best possible service.

No Trouble To Make Payment

Danish Settlers Pay \$2,000 On Purchase Price of Farm

"You want us to make a payment on the farm now."

"Yes, that is the usual way of handling land deals of this kind," said the smiling land agent.

"All right we'll give you some now," and without any more ado the purchaser reached among the matches and street car tickets in his vest pocket and brought out two little wads of paper which he laid on the desk.

These little wads of paper were one thousand dollar bills.

This little scene took place in the office of the Western Colonization Company in Saskatoon. The thousand and dollar bills were paid over by two Danish farmers who were brought out to this country to take up land, and who purchased a section twelve miles from Saskatoon. The agent was Alex. Fespersen, a former Danish immigrant.

HOW TO RELIEVE CHILDREN'S COLDS

Avoid Serious Results by Using
Baby's Own Tablets

When a child shows the first symptoms of a cold, such as sneezing, redness of the eyes, clogged or running nose, prompt measures for relief may avert serious results. Mothers should always have on hand some simple, safe and effective remedy for immediate use.

Baby's Own Tablets act quickly, contain no opiates or narcotics, are tasteless and harmless. Mrs. Joseph Cadieux, Holyoke, Mass., says:—"I have used Baby's Own Tablets for my children and find them a very satisfactory medicine. When my little boy had a cold I gave him the Tablets at night and he was well next day. I give them to the children for constipation and they always do good. I think Baby's Own Tablets are much easier to give a child than liquid medicine. I recommend the Tablets to all mothers who have small children and believe they should always be kept on hand."

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Frocks That Have Made Themselves Very Popular

Simple enough for street wear—and charming enough for bridge or dance! Fashion still smiles upon these simple frocks, both of which were fashioned from one pattern. The little frock of flowered material has two side panels trimmed with narrow lace, and then shirred onto the one-piece foundation at the raised waist-line. The round neck and short kimono sleeves are finished with the narrow lace, and a ribbon of pastel color ties in long ends at the back. A bordered material was used with charming effect for the plain frock, which opens at the neck with flat revers and has long sleeves gathered into a narrow band. No. 1166 is in sizes, 16, 18 and 20 years (or 34, 36 and 38 inches bust). Size 18 years (or 36 bust) requires 2 1/2 yards of 32-inch or 36-inch material. For side panels 3/4 yard extra material, and for long sleeves 1/2 yard. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents the copy.

Heft it Once! Then You Will Want One for Your Own Kitchen

The very feel of it will make you want to own it. It balances so nicely, seems to be just right. The handle is rigid and does not tip around like a hinged handle. That means no slipping, scalded hands or accidents. See how you fill it? You lift the hinged lid and can fill it right under the tap or by dipper because the opening is at the side, not the centre. Most important, these new up-to-date kettles cost no more than the old fashioned kettle.

If Marion B. Shaw, who holds all records for speed violations, breaks any more traffic laws or again refers to policemen as "hick cops," her husband is likely to go to jail, under a novel ruling against him by Judge Tuley in New York. Mrs. Shaw has been summoned for speeding 53 times and escaped when chased by motorcycle policemen 27 times. In 1923 she was fined \$25 for calling a policeman a "hick cop."

Useful In Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

A man who looks only at one side of a thing imagines that every other man does the same thing.

Man is the animal that uses a cook book and employs a physician.

LIVE COMMENT ON SITUATION AT THE CAPITAL

Ottawa.—The political atmosphere will not clear until parliament assembles on December 10 or such subsequent date near that as the election formalities may prescribe. The premier and Mr. Graham, the two defeated ministers who will seek re-election, will not do so until parliament meets and the inevitable showdown discloses the relative strength. While Mr. King's supporters were practically unanimous in counselling the course of the government facing parliament, the decision of the premier not to seek personal re-election meanwhile has not met with quite the same endorsement. Some express the opinion that he should be there at the start, as he could be, but this would necessitate following a course which, in 1921, the prime minister criticized Mr. Meighen for nursing. If Mr. King wished to avail himself of the Quebec vacancy the objection would be surmounted but apparently it is his design not to go to that province.

The presumption is that parliament will wish to end the suspense with as little delay as possible. When the house meets the government's position will be promptly challenged. A day or so of debate, participated in by a few leaders, should suffice as a preliminary to the test vote. Afterwards, an adjournment will be made whatever the outcome. Parliament will not hang around for Christmas and New Year's, but come back in January and go ahead with its business. With the question of supremacy settled the sessional programme will be very light and confined to essentials. The situation will permit of little else. The desire for another general election is not pronounced, and supporters of the government may cause it to be deferred far, but at the present the prevailing view is that a renewed appeal to the country within a very short time is inevitable.

Nation-Wide Smuggling

Believe Merchandise Is Being Smuggled Into Canada In Large Quantities

Montreal.—Montreal and Toronto retail merchants believe there is in existence a nation-wide ring of merchandise smugglers, who, ignoring the Canadian tariff gate, are responsible for the mysteriously increasing supply of foreign-made goods with which they say Canadian merchants have to compete with in the domestic market.

"This is one of the most vital matters that ever confronted the business-men of Canada," said M. Lapointe, secretary of the Retail Merchants' Association. "It is a challenge to the whole fabric of legitimate commerce and to the efficacy of our tariff protective systems."

Heavy Sentence For Bandit

Nelson, B.C.—Eight years in the penitentiary and 20 lashes was the sentence given John Ward, confessed Creston bank robber, by Judge J. A. Fortin in county court here. Ward and a companion held up the Imperial branch at Creston on October 21 and secured \$6,500. Ward was captured late in the day and \$2,700 of the stolen money was found on him. Ward's companion escaped.

Alberta Redistribution Problems

Edmonton, Alta.—Alberta redistribution problems are again being grappled with by the legislative committee, of which J. N. Johnson, M.L.A. for Coronation, is chairman. Members of the committee are going into the question, with a view to deciding on some scheme for the readjustment of the provincial seats.

Walked Across Canada To Find Work

Vancouver.—After walking from St. John, N.B., to winter in Vancouver, Mr. and Mrs. Harry Bedgood are now wondering how much further they must tramp before finding work as cooks, their chosen calling. The couple plan to commence a return hike across Canada next spring.

Proposes To Reduce Army

France Will Make Statement After Locarno Treaty Is Signed

Paris.—As soon as the Locarno Treaties are signed at London the French Government proposes to make a statement of reduction of armament which will leave France as disarmed as Germany is. It probably will be announced between the signing on December 1, and the meeting of the League of Nations disarmament committee at Geneva, December 8.

The French committee of national defence under President Paul Boncour, the Socialist, already has discussed a reduction of the army and navy with the staffs of these, and if the present radical government retains its power it will empty the barracks in France and leave a standing army only big enough to handle the colonies, these being largely native troops.

The French wish to set an example at Geneva and give the League of Nations the credit. Hints of possible disarmament conferences at Washington always have been received coldly in France and the speed with which the French are preparing to announce their disarmament is an oblique shot at President Coolidge's suggestion.

Taking Great Airman Home For Burial

Body of German Ace Removed From France to Berlin

Berlin.—Baron Manfred von Richthofen is coming home. From his rest in France beneath the earth which he consecrated with deeds of valour ere he fell in flames, they are bringing him back to Berlin for a military funeral before burying him here.

Capt. Baron von Richthofen was killed in battle fighting two British planes, while three miles away more than twenty of his comrades were fighting about an equal number of British birdmen. The German ace was buried by his British foe with the most impressive ceremonies near the little town of Sully le Sas, in Northern France.

Six British officers acted as his pallbearers. As the coffin was lowered into the ground great numbers of British planes whirled overhead, the drone of their engines forming the accompaniment to the words of the British clergyman who spoke the Church of England service.

Britain's Heavy Task

Carrying the White Man's Burden in the Near East

Montreal.—Speaking on the development of the Near East under British rule, or through mandates from the League of Nations, Sir John Power, Bart., member of the British House of Commons for Wimbledon, Surrey, before the Canadian Club, emphasized that Great Britain was in oriental lands "by force of circumstances and the will of God." He outlined the tremendous improvements in government and in ordinary life under British jurisdiction, and indicated that the British people regarded the task in the Near East as part of the mission of civilization and as a portion of the "white man's burden." Results justified the empire's effort.

Soviets Remove Restrictions

Communists May Now Inherit Fortunes Without Limit

Moscow.—The Soviet Government made a distinct departure from doctrines of pure Communism by annulling the law which set the legal limit for inheritances in Russia at \$5,000. Henceforth Russians may inherit fortunes without limit.

In spite of the government's severe opposition to private trade, many Russians in recent years have accumulated fortunes but have withheld them from investment in internal enterprises, the government thereby losing the benefit of active capital. It is to remove this condition that the new measure was introduced.

Second Largest Wheat Yield

Ottawa.—Canada's total yield of wheat, now provisionally estimated in a crop report issued by the Dominion bureau of statistics at 422,327,000 bushels, is the second largest on record for the Dominion. The previous highest total was 474,199,000 bushels in 1923.

Saskatchewan C.W.N.A. Meet

Good Attendance at Ninth Annual Convention in Regina

The Ninth Annual Convention of the Saskatchewan Division of the Canadian Weekly Newspaper Association was held at Regina, on Thursday and Friday, Nov. 5 and 6, and was an unqualified success. A large representation of members attended from every corner of the province, and the business sessions proved most helpful. The delegates received an official welcome from Mayor Mason, who handed over the keys of the city. The Saskatchewan Co-operative Wheat Producers gave a luncheon at noon on Thursday, and in the evening the editors were the guests of the Leader Publishing Co. at a dinner. Later the delegates attended a theatre party as the guests of the Toronto Type Foundry Co. On Friday at noon the Saskatchewan Co-operative Elevator Company entertained at a luncheon, and in the evening the Weekly Newspaper Association gave a banquet, having among their guests Premier Dunning, Hon. S. J. Latta, Mayor Naron and other prominent citizens of the city and province.

At the closing session on Friday, officers for the ensuing year were elected as follows: Hon. S. J. Latta, Prairie News, Govan, honorary president; E. Garrett, Signal, Watrous, president; W. G. Redmond, News, Maple Creek, vice-president; S. J. Dorman, Despatch, Alameda, secretary-treasurer. James McDonald, Courier, Unity, was elected honorary vice-president. The following executive were elected: C. R. McIntosh, News, North Battleford; S. J. Dorman, Despatch, Alameda; T. S. McCullough, Review, Weyburn; T. E. Scriber, News, Wolsley; C. H. Ash, Gazette, Birch Hills; and E. N. Carter, Press, Wilkie.

Four Years' Tuition at McGill Offered By C.P.R.

Montreal.—Announcement is made from the office of the vice-president of the Canadian Pacific Railway here that three free scholarships, covering four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University, are offered subject to competitive examination to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and the minor sons of employees.

Saskatchewan Rhodes Scholar

Regina, Sask.—Chalmers Gillis Clark, of Saskatoon, was appointed Rhodes scholar for Saskatchewan to go into residence at Oxford in October, 1926. He is a graduate in arts from the University of Saskatchewan, class 1925, with high honors in mathematics. In athletics, he has been proficient in rugby, basketball, hockey and golf. He is the second son of Rev. W. C. Clark to gain this honor.

No Embargo On Wheat

Vancouver.—Estimates made by the grain trade here place the amount of damp or "tough" wheat at sixty per cent. of the present westward movement, but railway officials believe that the situation does not warrant the placing of an embargo on wheat shipments to this port.

Well Known Architect Dies In St. Louis

George Raby Served on Board Which Drew Plans For Old Parliament Buildings at Ottawa

St. Louis, Mo.—George Raby, one of the architects who designed the Canadian House of Parliament destroyed by fire at Ottawa during the war, died Nov. 10 of infirmities attendant upon advanced age.

The dean of St. Louis architects, as Mr. Raby was known, celebrated his 96th birthday on October 19 last.

Born at Manchester, Eng., the superbiller was educated in the Old Country and emigrated to Canada in 1860. He resided in the Dominion for eight years and was called to serve on the board of architects which drew the plans for the old Parliament Buildings at Ottawa. Mr. Raby later moved to Quincy, Ill., being the builder of the mammoth Burlington railroad bridge there.

Honor Brave Men

Street in Winnipeg Is Named Valour Road in Honor of Three Heroes

Winnipeg.—Brave deeds and brave men were honored here in the dedication of "Valour Road," formerly called "Pine Street," on which three heroes, two of whom gave their lives for their country, and all of whom gained the highest military award—the Victoria Cross—lived before the war. The men honored were: Sergeant-Major Frederick W. Hall, Captain Robert Shankland, and Sergeant Leo Clarke. Captain Shankland won the coveted honor in 1917 at Gravenstafel Ridge, in front of Passchendaele; Sergeant Clarke, at Pozieres Ridge in 1916, and Sergeant-Major Hall in the memorable battle of Ypres. Clarke and Hall were killed in action, the latter while rescuing a wounded comrade.

Most of Grain Now Threshed

Threshing in Saskatchewan Is Rapidly Nearing Completion

Regina, Sask.—Over 85 per cent. of the threshing is completed in Saskatchewan as a whole, but about 25 per cent. of the grain remains to be threshed in the southwest part of the province, according to telegraphic reports received by the statistics branch of the provincial department of agriculture. Practically all the grain has been threshed in the southeast.

Very little grain will remain unthreshed at the end of this week if the present favorable weather continues. Work on the land ceased the third week in October with the coming of the freeze-up in most districts. No shortage of labor has developed, threshers experienced little difficulty in finding men to complete their crews.

Undesirable Immigrants

Would Tighten Restrictions To Prevent Entry of Half Wits

Ottawa.—Loopholes in Canada's immigration barrier are allowing half-wits and sub-normal mentalities to slip into the Dominion and become absorbed in the population, according to a resolution which was framed at a session of the Canadian Education Association, and which the association will be asked to endorse.

The resolution, which was proposed by R. H. Cowley, of Toronto, a leading educational authority, asks the Federal authorities to tighten its immigration restrictions.

Make No Announcement

Winnipeg.—At the conclusion of the two-day session of the directors, executive and members of the prairie wheat pools here, A. J. McPhail, Regina, the chairman, said the business had been purely routine and that there was no statement to give out. "It was simply a get-together and a round table conference," he said.

Alberta Rhodes Scholar

Edmonton.—Clarence Sutherland Campbell, B.A., of the University of Alberta, an Edmonton man, has been awarded the Alberta Rhodes scholarship for 1925.

Cairo, Egypt.—Turkish reservists on the Bagdad Railway in Northern Syria have received orders from Ankara to hold themselves in readiness for a call to the colors.

A STATE BANQUET TO MARK SIGNING OF LOCARNO PACT

London.—The Locarno pact will be debated in the House of Commons this week preparatory to its ratification.

Preparations for the signing of the agreement in London, December 1, are well advanced. It is understood the British Government already has sent invitations to the statesmen and officials who took part in the negotiations at Locarno and also to their wives.

The occasion of the signing of the treaties is to be made as imposing as possible. King George and Queen Mary will give a state banquet in the palace on the evening of December 1. About 50 guests are expected to attend, including Chancellor Luther and Foreign Minister Stresemann, of Germany; Benito Mussolini, the Italian premier; M. Vandervelde, the Belgian statesman, and British cabinet members, diplomats accredited to the court of St. James and political leaders. The banquet, it is reported, will be served in the principal state dining room of the palace and will be one of the most magnificent functions ever held in London. The famous royal gold plate, which is of almost incalculable value, will be displayed, and the banquet room and other apartments of the palace used for the occasion will be sumptuously decorated.

Great Force Against Bolshevism

Women's Institutes of England Combat Red Influence

Ottawa.—"The women's institutes of England are a great force for good, bringing out the best that England stands for, and are a great force against Bolshevism," declared Mrs. Jean Muldrew, of Ottawa, addressing the eleventh annual convention of the women's institutes of Eastern Ontario here.

Mrs. Muldrew recently returned from England, where for a year and a half she did specific work for the department of immigration.

The speaker stated that it was her impression that much good might be attained through closer co-operation between the women's institutes of Canada and those of England.

Fix Indemnity For Invasion

Greeks Should Pay Bulgaria About \$310,000 Is Decision of League

Sofia.—The special commission sent to the Macedonian frontier to estimate damages caused by the Greek invasion of Bulgarian territory and the occupation of Petrich and ten surrounding villages has fixed upon 31,000,000 leva as indemnity. Official information has been forwarded here by the committee, which will report details of the damages to the League of Nations. (A leva normally is worth about 19 cents, but under the present rate of exchange its value is slightly less than one cent.)

Asked Germany For Answer

Reply to Allies Latest Note Delivered in Rush

Berlin.—Germany's reply to the latest allied disarmament inquiries was delivered at Paris at midnight following an urgent telephone message from Ambassador Hoesch saying that unless there was immediate delivery the alleviation of the Rhineland situation (evacuation of Cologne, chiefly) desired by Germany, would not materialize.

(The allied note was in the nature of a final cleanup of the disarmament problem calling attention of Germany to certain disarmament desires still entertained by the allies.)
